### **BSE/TSE CONFIRMATION**

Dear Ladies and Gentlemen,

Based upon supplier data, we herewith confirm that no animal derived substances have been intentionally added or used in manufacturing processes of *all* ZL® stock shapes and are free from BSE- (Bovine Spongiform Encephalopathy) and TSE-(Transmissible Spongiform Encephalopathy).

Please note:

It is not part of our quality control to conduct tests to ensure the absence. We depend on the statements of our raw material suppliers. Many substances are present in small quantities anywhere which may possibly occur as impurities.

It is the responsibility of the recipient of our products to ensure that any rights and existing laws and legislations are observed. This declaration is valid for 18 months after the date of issue or if any regulatory change occurs sooner. Please observe the validity and request in an appropriate time if needed.

Regards,
